Foreword

All of us have the same basic needs. Our wants, desires, hopes, and fears bear a meaningful likeness.

Only by our association with one another and our opportunities to learn together can we ever hope to develop fully and richly the potentialities of our individual personalities, that make for the abundant life.

The staff of the 1953 *Laureate* presents this book as a blue print of opportunities offered by our beloved school, DEDICATED TO THE SANITY OF CHILD PERSONALITIES.

Because of his enthusiasm, his genial nature, and his aggressiveness in carrying forward the constructive program of our school, which has afforded us greater opportunities to receive a more-rounded education and preparedness for our future to come, we, the senior class of 1953, dedicate this sixth edition of the LAUREATE to Mr. A. D. Kornegay, Superintendent of City Schools.
